**ORDER:**

In the letters 1<sup>st</sup> and 2<sup>nd</sup> read above, the Chief Engineer, Minor Irrigation (T) has submitted an estimate for the work of "Repairs and Restoration of Kondarev Mathadi anicut, Jalapur village, Nizamabad District" to accord administrative approval for Rs.32.00 lakh stating that the ayacutdars have represented the Hon'ble minister for Irrigation for taking up repairs. The anicut was constructed long back during 1978-80 for irrigating an ayacut of 400 acres pertaining to Jalalpur ayacut dars. The left side wing and return, part of apron and irrigation sluice were not constructed. Due to heavy rains and non-maintenance of long period of 30 years, the head wall of weir at left side is also collapsed for a length of 30 m. Thus there is no storage of water in the anicut and no control due to non construction of irrigation sluice. A tail end of sub-distributory namely 50/3 also enters anicut submergence. The inspection path of this sub-distributory is developed as metal road for transportation of farm produce. This metal road crosses the anicut at D/S to reach a village of Ashok Farm through a cart-track. For facilitating the crossing of tractors a provision of 2 nos of HP culverts is made in the estimate. The scheme was cleared by Nodal Agency for SCSP. No component of work could be taken up under MGNREGP. The estimate is prepared with SSR 2013-14 with latest cement and steel rates. Hence, he has requested to accord administrative approval for Rs.32.00 Lakh for the above work.

2. Government after careful examination of the matter hereby accord administrative approval for Rs.30.25 Lakhs (Rupees Thirty Lakhs and Twenty Five thousand only) for the work of "Repairs and Restoration of Kondarev Mathadi anicut, Jalapur village, Nizamabad District." The repair work shall be carried out component-wise as shown in the estimate books.

3. The expenditure sanctioned in Para (2) above shall be debited to the Head of Account "4702 COL on M I – MH 789- SCP- GH 11 Normal State Plan - SH (21) – Construction & Restoration of MI Source – 530 Major Works - 531 Other Expenditure"

4. The Chief Engineer, Minor Irrigation (T), Hyderabad shall take necessary action accordingly to complete the work within the stipulated period without fail and furnish utilization certificate for the amount sanctioned in Para (2) above.

5. This order issues with the concurrence of Finance (Expr.PW(I) Department vide their U.O.No.6390/205/Expr.PW(I)/14, dt.18-03-2014.

**(BY ORDER AND IN THE NAME OF THE GOVERNOR OF TELANGANA)**
